

## WHERE WE LIVE IMPACTS EVERY ASPECT OF OUR LIVES;

the groceries we buy, where our kids go to school, and what jobs we can access. That's why bonds for housing aren't just an investment in homes, but an investment in jobs, education, economic development and the entire community.

Right now, more than 580,000 Minnesota households pay more than they can afford on housing, forcing families to forgo necessities like gas to get to work and medicine to maintain their health. That number has increased nearly 60% since 2000.

To make our communities strong, we need Homes for All.

## BONDING REQUEST

S.F. 2939 | H.F. 3125

# \$140M in bonds for HOMES

\$140 million in bonding would develop or preserve housing for **4,650 households across MN**

\$140 million in bonds would support **2,000 MN jobs** working directly on housing projects and for suppliers

In 2017, \$126 million in state & federal resources leveraged **\$346 million in private and local funding**

Seniors thrive

## COMMUNITIES PROSPER

9,500 STUDENTS were homeless or highly mobile in 2015-2016 but **Students with safe, stable homes attend and achieve in school**

BUSINESSES are struggling to attract and retain workers because **Workers across the income spectrum need access to affordable housing**

Statewide, half of SENIOR renters pay more than they can afford on housing; **And the senior population will increase 93% by 2035**
